

23 January 2024

Dear Parents,

Sinai College has always prided itself on offering a full, wrap-around educational experience for students and families. As part of this, we are pleased to offer the innovative and adaptive Sinai Scholars Enrichment program. This program is a voluntary after school program that runs from 3pm until 6pm and aims to offer students the opportunity for additional enrichment, educational support and social engagement outside of the normal school day. The program is run by our experience educator, Mrs. Cohen and a typical afternoon includes

- Afternoon tea of fruit prepared by the students and Mrs. Cohen, enjoyed outside picnic-style
- Unstructured play and sports on the courts and playground
- Designated study and homework time, in the library with guidance and tutoring from Mrs. Cohen
- A light dinner for those students staying past 5pm
- Inside play and games in the library (typically chess, beading or art)

We offer this program at minimal cost, with fees capped at \$15/session for ongoing bookings and \$18/session for casual bookings (those made on the day or last minute).

If you would like to book your child in to Sinai Scholars for 1, 2 or more afternoons, please contact Admin on admin@sinaicollege.qld.edu.au

Regards

Christine Harman
