Statement of Commitment

Sinai College is committed to providing a child safe environment where every child is respected, valued and protected. Guided by the Jewish value of tikkun olam, our shared responsibility is to help repair the community through compassion, justice and care for others. We are also committed to fostering a culture where the safety and wellbeing of every child is paramount.

Sinai College Board, Principal, staff, parents, volunteers and contractors share responsibility for creating and maintaining a culture where children are safe, respected and supported to thrive.

We are committed to implementing and continually strengthening the Child Safe Standards under the Child Safety Organisations Act 2024 (Qld). In particular, we are committed to:

- Embedding child safety and wellbeing in our leadership, governance and culture
- Listening to children and taking their views seriously in decisions that affect them
- Working in partnership with parents, carers and the Sinai community to promote child safety and wellbeing
- Promoting equity, inclusion and respect
- Ensuring our staff, volunteers and Board members are appropriately screened, supported and trained
- Responding to complaints and concerns in a child-focused, timely and appropriate manner
- Regularly reviewing and improving our child safe policies, procedures and culture
- Maintaining policies and procedures that support a safe environment for all children

We also recognise and are committed to implementing the Universal Principle by promoting the cultural safety, participation and inclusion of Aboriginal and Torres Strait Islander children by ensuring they are respected and supported to maintain and strengthen their cultural identity, connection to family, community and country and that their cultures, histories and perspectives are reflected and respected through the Sinai community.

Christine Harman
College Principal
